

Meet the "I Do Crew"

Heather Forney, Owner

Heather started I Do Events back in February of 2005 when she noted a need for chair covers in the Peoria area after her own wedding in October of 2004. Like most businesses it started very small and she relied heavily on the help of family and friends. With a lot of hard work and definitely some luck it began to blossom into what it is today.

Brittany Adams, Peoria Office Manager

Brittany handles all of the day to day operations of our business. She meets with the majority of our clients and stays with them through the fruition of their big event. Our clients truly love Brittany's energy and spirit detail. We simply couldn't do what we do without her!!

Shamiira Brown, Champaign Office Manager

Shamiira started with I Do Events as an event specialist and has recently taken over the role of Champaign Office Manager where she is exceling with her fashion merchandising and creative writing skills. We love her attention to detail and her willingness to help wherever necessary.

Event Specialists

It takes a village to run I Do Events, but these ladies handle the execution of our weddings and events and they do this with a pep in their step and a smile on their face. We are lucky to have each and every one of these ladies on our #IDOCREW.
